SELECTRODE

Packaging – Bulk,
Cardboard, & Plastic

SPECIAL MARKETING FEATURES

Product lines can be delivered attractively packaged in moisture proof cardboard, or plastic containers

- Big company image without tooling cost outlays
- Largest selection available anywhere of unique package choices
- Package options that can hold from 1 lb (.5kg) to 15 lbs (7kg)

BASIC PACKAGING – NO SURCHARGE

1. **Bulk Crates:** Large palletized bulk crates with capacities of:

250 lbs. (114 kgs.)

500 lbs. (228 kgs.)

1000 lbs. (456 kgs.)

are the least expensive method of purchasing electrodes that are to be packaged at your own facility.

2. **Bulk Boxes:** Our triple walled “CUSHION PAK” holds wither 40 lbs. (20 kgs.) or 50 lbs. (25 kgs.) within one large polyethylene bag. This package can withstand a 275 lb. burst test and has a convenient hinged lid.

SURCHARGED PACKAGING OPTIONS

1. **Heat Sealed Polyethylene Bags:** These 4 mil heavy bags can be filled with either 5 lbs. (2.5kgs.) for \$0.10/lb. (\$0.22/kg) or in 10 lb (5 kg) units for \$0.05/lb (\$0.11/kg). The bagged products can be transported either in our **BULK CRATE** or “CUSHION PAK”.

2. **“DRI-BOX” ENVIRONMENTALLY SAFE CARDBOARD ELECTRODE PACKAGE:** This latest concept in electrode packaging is made from a thin gauge but strong moisture barrier fiberboard material. **This package features** a resealable “velcro” locking system. It has a washable vividly colored outer surface and is stocked in blue, red, orange, and black in 14" (350 mm) lengths and black only in 18"

(450 mm) lengths. Custom colors are available in 1,000 unit runs. The “**Dri Box**” can hold up to 13 lbs. (6kgs.) of most products. The packaging upcharge for the “**Dri Box**” is \$0.30/lb (\$0.66/kg.) for 10 lb. (5kg) units and \$0.65/lb (\$1.43/kg) for 5lb (2.5kg) units. These prices include labeling and shrink wrapping. Boxes can be purchased separately for \$2.00 each.

3. **The “Hex-Pak” Two Color Plastic**

Container: This hexagon (six sided) shaped container is one of the rare containers available in coordinating cap and bottom colors. Presently we stock the bottoms in dark blue, gold, silver, and the caps in orange, yellow, lime green, red maroon black, and dark blue. The “**Hex-Pak**” also features a snap on cap which facilitates resealing. The unit has 2 recessed areas for label placement or for an embossed logo. It is available only in 14" (350mm) lengths and can hold up to 15 lbs. (7kgs.) of many types of electrodes. Custom colors can be had in runs of 5,000 units. The packaging surcharge for the “**HEX-PAK**” IS \$0.40/lb (\$0.88/kg) for 10 lb. (5kg) units and \$0.70/lb (\$1.54/kg) for 5lb (2.5kg) units. This pricing includes 3 labels which are used on the “**Hex-Pak**”. Shrink wrapping is also included. Containers can be purchased separately for \$2.50 each.

4. **The “Square-Pak” 3" x 3" (75mm x 75mm) molded Plastic Container:**

This shrink wrapped unit features two (2) recessed areas for label placement. It is stocked in 14" (350mm) lengths in blue, black, yellow, silver, and red, and in 18" lengths (450mm) in blue. Custom colors can be had in runs of 1,000 and we also offer custom embossed logos in this container as a special order. Capacity is up to 11 lbs. (5kgs.) on many items. The surcharge for the “**Square-Pak**” is \$0.40/lb (\$0.88/kg) for 10 lb. (5kg.) units and \$0.70/lb (\$1.54/kg) for 5lb (2.5kg) unit. The “**Square-Pak**” can be bought separately for \$2.50 each for the 14" (350mm) and \$3.50 each for the 18" (450mm).

**5. Custom Packaging: Hermetically Sealed Cans – Vacuum Sealed Bags – Blister-Pak
Point of Purchase Displays:**

We offer all of the latest packaging innovations that are required for insuring products freshness and marketability. In addition we can provide packaging units of any style with certain minimum quantities.

Note: All packaging costs are subject to change without notice
